

The Online Safety Centre has loads of really useful information, e.g. how to set up parental controls on different devices or online.

When you click on the Safety Hub you will see the latest notifications.

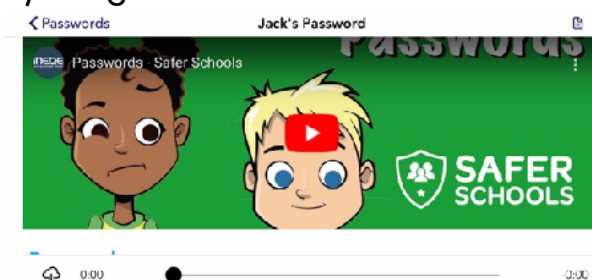

The Safer Schools app is really easy to navigate and the Safety Centre Team will answer questions or make more guides when contacted.

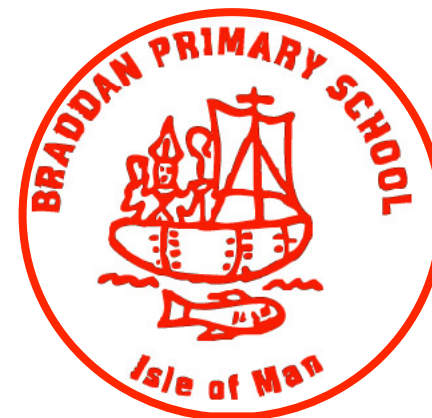

You can check your knowledge using Quick Quizzes and selecting true/false.

There are also videos to help children to understand how to stay safe online. Jack's Password is a video that explain the importance of passwords to younger children.

Why don't you download the app now and start using it?

Safeguarding children in a digital world

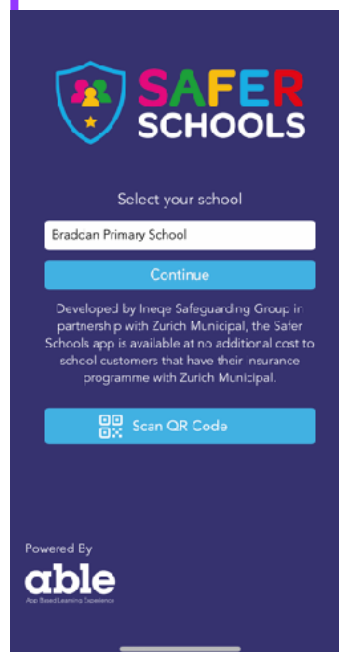

Safer Schools App
February 2020

We live in a digital world full of opportunities, ideas, opinions and learning. The internet has made it possible for all of us to connect whenever we consider it necessary. We use electronic devices everyday. We can pay for purchases, contact people, quickly find things out, listen to music, watch films, take photos, record videos, play games and read books, all on one small device that fits in our pocket.

At Braddan School, we believe that it is essential that your child knows to stay safe online so we are launching the Safer Schools app for children, parents, teachers and support staff at our school so that we always have the most up to date safeguarding advice, help and information at our fingertips.

Download the Safer Schools app for free by searching 'Safer Schools' in Apple AppStore or on Google Play.

Launch the app and then type **Braddan School**. Enter the parent code **7440** or the pupil code **9342**. Using the pupil code when primary school aged children are accessing the app is essential as the

parent code enables information relevant to young adults to be available for browsing too.

Step 1
Download the app for free by searching for 'Safer Schools' in the Apple App Store or on Google play. (You can download it on more than one device!)

Step 2
Enter **Braddan School**

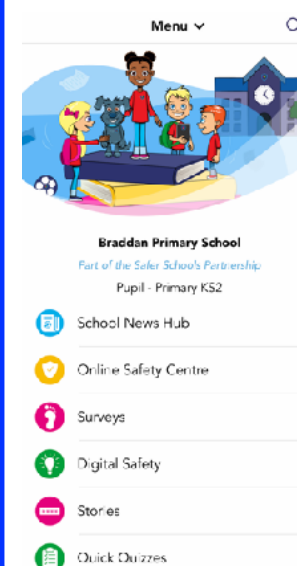

Step 3
Enter the code

7440
Parents

9342
Pupils

Enabling notifications ensures that you stay fully informed of the latest advice and information. It is all easily available on your phone or tablet on the app. You can download the app on all of your electronic devices and use the same codes.

Watch the video on the app to learn about the app and how to use it well. Then use the icons to navigate the app. The School News Hub is linked to our school website.
