Cressida Coweli HOW TO TRAIN YOUR

## LITERACY

We are reading the book 'How to train your dragon'.

We are doing a lot of work with this book in school, including using:

- adjectives
- speech marks
- setting and character descriptions.

We will be revising the tables we introduced in year 2 (2's, 5's and 10's) as well as beginning to learn our 3 and 4 times table.

During this time we will be looking indepth at what multiples are, sharing and dividing, reasoning and linking multiplication and division.

We will be multiplying and dividing a 2 digit number by a 1 digit number, with and without an exchange.

We are going to be reflecting on where we are in our writing. What each child strengths are and what we need to work? on to help our writing grow.

## 

We will be designing and making pictures of dragons and making a clay dragon eyes.

Children are going to pick a dragon to research. They will find out where the myth originated from, what time period it came from and facts about that country and time in history.
