# GAMES

## TOPIC

Our topic is board games. During this topic we will play lots of different board games and look at the instructions and the rules. We will then go on to design our own board games researching which games are most popular and making the game and the boxes for them to go in.

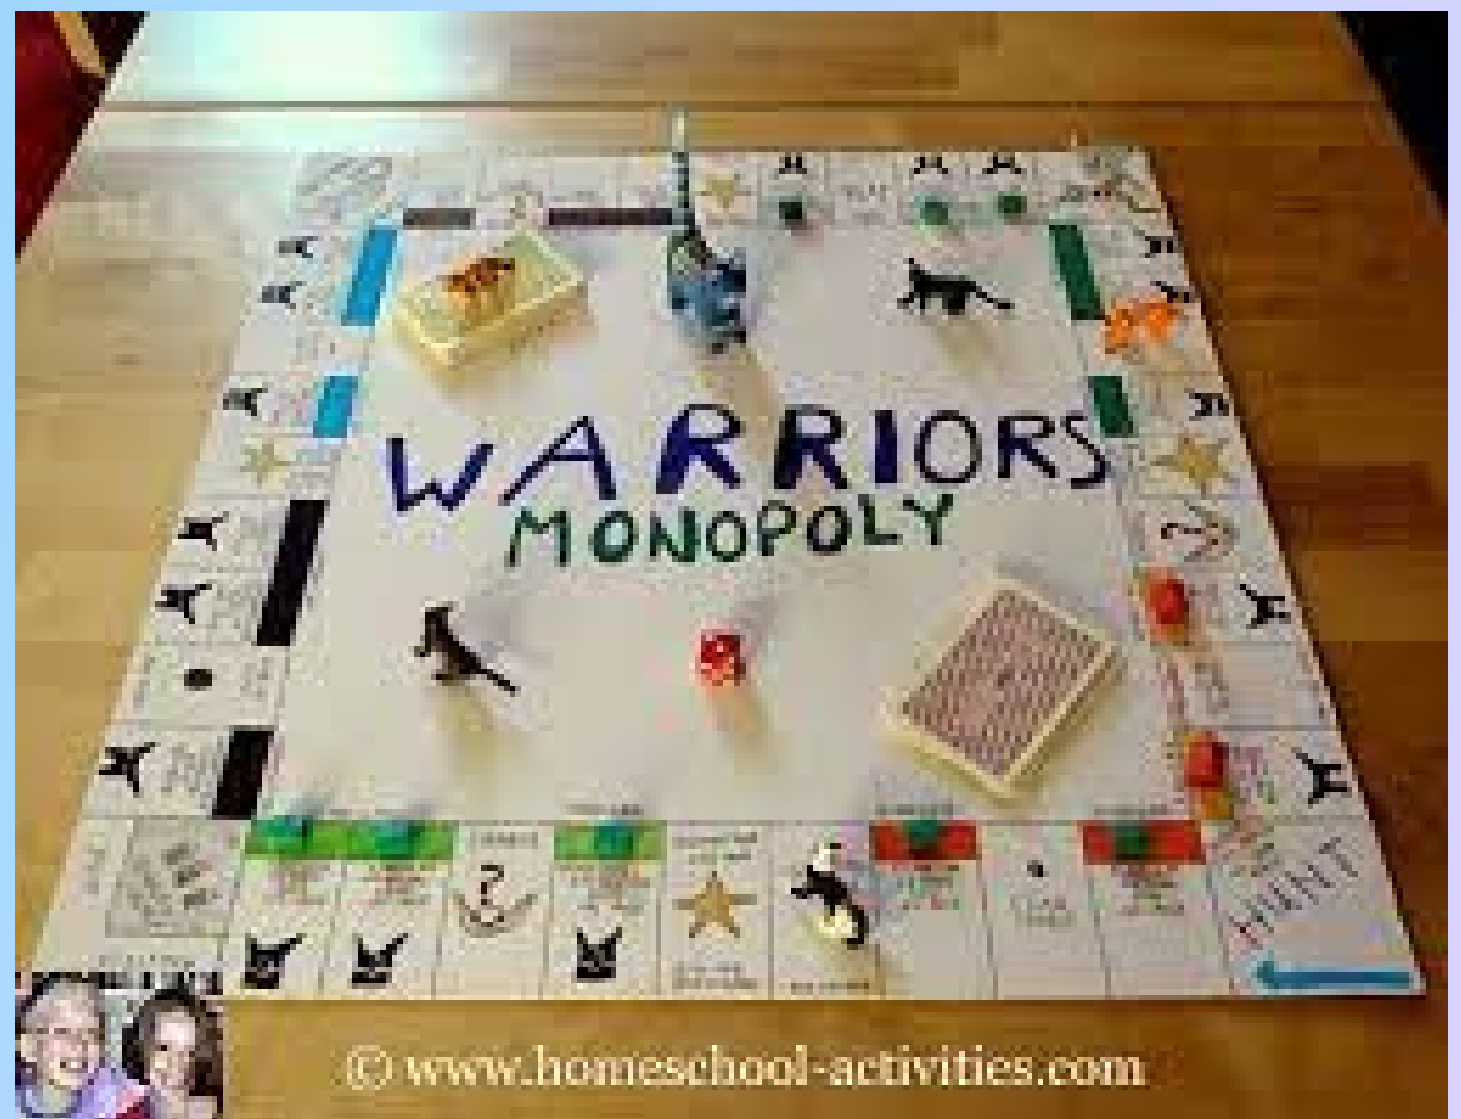

The history of board games video

Nine men Morris

## NUMERACY

We will be reviewing the progress we have made so far this year and consolidating our work on addition, subtraction, division and multiplication. We will be working with 1's, 10's and 100's and looking at how to go about solving maths problems by highlighting important information and breaking it down into steps.

Maths Invaders Game

## LITERACY

This half term we are going to reading instructions and seeing how they are set out.

Discussing what words and phrases are needed to ensure people follow our instructions. Our children will be giving and following verbal instructions before they begin writing.

They will show careful thought to the reader and how much detail they will need for their instructions be successful.
